

MVBC Cell Phone/Device Policy

While ACBL electronic device policy at tournaments are more restrictive, MVBC will implement the following policy at club sessions:

Cell phones must be turned off during any club session. In the event of a prospective emergency, players may leave their device with the game Director at the start of a session, without penalty.

Should a cell phone/electronic device activate/ring during the session, an automatic $\frac{1}{4}$ Board match point penalty will be assessed to that pair.

Subsequent violation(s) during a session will be increased by a $\frac{1}{4}$ Board additional match point penalty.

This policy, enacted in 2008, will be enforced as of April 15, 2019.
