

Hello fellow bridge players,

It is going to be a long dark winter and longer spring without live bridge. To encourage more of you to get involved in online bridge at the Miami Valley Bridge Center, we propose to set up one or two limited Master Point games. The limit would be 2500 MPs; no one with a total above that limit could play in the game. The games usually would be 18 boards and last about 2 hours. The proposed day would be Thursday at 1.00 PM. If this day is a success, we may also set up a game on Tuesday at 10.00 AM. **The starting date for the Thursday limited MP game is November 19.**

We will provide you as much help as possible in joining Bridge Base Online [BBO] if you are not currently playing online. There are many instructional videos available including <https://www.acbl.org/bbotutorials/> from the ACBL. At the ACBL link, there are 36 short videos covering all topics from “Getting Started with BBO” to “Convention Cards on BBO”. A simple internet search for “how to use BBO” brings up a plethora of information in video and document form. Typing the same search into YouTube produces a long list of instructional videos. In your monthly ACBL Bridge Bulletins, you can read the BBO Help Desk page. You can personally call or email Bill Gottschall if you need further assistance:
